## **Diotec liefert von Semikron abgekündigte „Low Power“ Gleichrichter weiter**

Diotec hat bereits im März 2006 das Werk Semikron Slowenien zurück übernommen. Mit nun drei eigenen Werken in Heitersheim/ Deutschland, Shanghai/China und Trbovlje/ Slowenien sind wir damit bestens für den wachsenden Halbleiter-Markt gerüstet.

In parallel to the taking over, Semikron has discontinued a lot of their so called „Low Power Rectifiers“, effective from 30. Sep. 2006. Those parts are listed in the table on page 2 and following.

**Diotec continues to supply those parts, the part numbers can be taken over one by one!**

For further questions, don't hesitate to contact our sales team.

Parallel zur Übernahme hat Semikron zum 30.09.2006 eine ganze Reihe ihrer sogenannten „Low Power“ Gleichrichter abgekündigt, siehe Tabelle ab Seite 2.

**Diotec liefert die betroffenen Bauteile weiter, die Artikelnummern können eins zu eins übernommen werden!**
